RAMBUH Family Center:

Where the Family Is the Center of Our Focus

Mission and Vision of the Program

Our mission: to improve the school readiness of children in Hartford, ages birth to eight, by enabling their families to achieve skills that improve parents' relationships with their children, with each other, and with their community.

Our vision: to have a neighborhood center where families can learn to communicate, relax and enjoy in a safe environment.

Our belief that strong families build strong communities convinces us that we must respect the many types of families now present in our communities. Some families are made up of grandparents, foster parents, aunts, uncles and cousins. We look to our family center to provide the atmosphere that will promote and support all aspects of family life.
