A Program of Our Family & Community Support Services

Enriching the Lives of Children and Families

About the Village

The Village, a private, non-profit community service organization, was founded in 1809 and was one of the first agencies in the country to provide homes for neglected children. Today, the Village continues to touch the lives of over 6,500 children and families annually through programs and services designed to assist them to build on their strengths to achieve success. Its mission is to “Build a community of strong, healthy families who protect and nurture children.”

SAND Family Resource Center:

Enriching the Lives of Children and Families

Purpose of the Program

Village Family Resource Centers (FRCs) are a network of six school-based programs. FRCs focus on strengthening the family-school partnership by bringing together an array of early childhood, family support, and positive youth development programming. Our goal is to enhance the school readiness and academic success of children, strengthen families, and bolster the connection between families, school, and the community.
